Colorado Apples at the Coming Kansas City Land Show.

Out in Colorado is a land developer with a untional reputation. He will be at the Kansas City Land Show, and incidentally he will show as far as pos sible the apple fudustry of Colorado and what has been accomplished in certain sections of his great state and

This is Mr. George H. Paul, the head and front of the George H. Paul Or chards company of Pueblo, Colo has made up his mind that the Kansas City Land Show is legitimate and that Kansas City is the logical point for a land show from which to instruct peo ple in Kansas, Missouri, Oklahosos and the transmississippi valley in general in the ways of orcharding in the land of "turquoise blue skies."

In a large space prominently located on the main aisle in Convention hall from Feb. 26 to March 0 the George H Paul Orchard company will have. through Mr. A. E Mershou and his confreres, a spleudid exhibition illus trating in a most graphic and realistic manner apple culture in Colorado.

The tract of land to be represented in three miles from Pueblo, extending west for ten miles, is bounded on the south by the Arkansas river and is to cated in what is known as the Arkan-sas valley of Colorado. The main lines of the Santa Fe and the Denver Rio Grande railways traverse this section it is connected with Pueblo by trolley lines, so the problem of transportation

ts solved. SOLD BY ALL DRUGGISTS One-dith of the entire apple production of Colorado comes out of the Ar

kansas valley, and the apples of this section are always of a very superior juntity. This Mr. Mershop and his associates hope to prove to the visitors at the Kansas City Land Show.

As an educational and beautiful fesure the George H. Paul Orchard co pany's booth will undoubtedly be s rest attraction.

Through the medium of the press and other sources this company has extended invitations to the farmers, hor deulturists and young men of the state souri to visit its booth.

The readerso f this paper will be tpleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutgional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature is loing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
